

Endorse Today!

Join the fast-growing list of Skills2CompeteNY endorsers today, which includes representatives from business, labor, community-based training and service providers, community colleges and advocacy organizations.

By endorsing Skills2CompeteNY, your organization supports the vision that every New Yorker should have access to the equivalent of at least two years of education or job training past high school -- leading to a vocational credential, industry certification or one's first two years of college -- to be pursued at whatever point and pace makes sense for individual workers and industries. Your organization also supports the goal that every New Yorker must also have the opportunity to obtain the basic skills needed to pursue such education.

To endorse now and add your organization to the following list, click on the link below!
